- **Battery type:** R3
- **Battery voltage:** 1.5 V
- **Number of batteries:** 2

## Product highlights

### Dynamic Bass Boost

*Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.*

### Stereo in-earphone by-packed

### Super slim design

### Pocket-size for portable use

### Auto headphone winder

### Headphone jack
